

SAFETY DATA SHEET

Data obtained from our supplier's safety data sheet

1. IDENTIFICATION OF THE PRODUCT AND COMPANY

Commercial name: **TX1/TX175**

Name of distributor company:

Corazza S.r.l.

Via Sandro Pertini, 37
40062 Molinella (BO) Italy
Tel. +39-051/881877 – Fax +39-051/6902146

2. COMPOSITION/INFORMATION ABOUT INGREDIENTS

Composition: Cellulose fibres impregnated with styrene-butadiene copolymers
Ingredients: Cellulose, copolymer dispersions, antioxidants, cross-linking agents and pigments

3. HAZARD IDENTIFICATION

The product does not contain SVHC substances on the ECHA list of substances of concern in concentrations of 0.1% by weight or above. Therefore, it is not subject to the obligations contained in Regulation 1907/2006 (REACH). The product does not contain persistent, bioaccumulative and/or toxic substances.

4. FIRST AID MEASURES

General information: No particular procedures
Correct use of the product does not have any consequences for the worker's health.

5. FIREFIGHTING MEASURES

The product is combustible: keep the product away from heat, sparks and naked flames.

Combustion of the material may release carbon monoxide and toxic fumes.

Suitable extinguishing media: water, foam, CO₂, dry powders.

media:

Use suitable PPE and do not allow extinguisher liquids to contaminate surface water and aquifers (collect and dispose of them in accordance with the relevant regulations).

6. HANDLING AND STORAGE

Handling: The product does not involve any handling problems.
Work in suitably ventilated premises: do not eat, drink or smoke while at work. Normal hygiene practices are

SAFETY DATA SHEET

Data obtained from our supplier's safety data sheet

recommended

Storage: Protect the product from frost, rain, direct sunlight and heat sources; do not use naked flames or smoke in the storage premises.
Store it at a temperature between 5 and 35° C
Avoid the build-up of electrostatic charges

7. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ensure that workplaces are well ventilated.

Respiratory and skin protection: Wear gloves providing protection against mechanical risks, since the product may have sharp edges, and in case of dust face masks (minimum class Ffp1) are recommended

8. PHYSICAL AND CHEMICAL PROPERTIES

Packaging: Sheets on standard pallets of 100 x 150 cm
Physical state: Solid
Colour: Pink or white
Odour: Weak, characteristic
pH: 6 – 7.5 (5 g in 100 ml of dist. H₂O)
Lower heating value: 5800 Kcal/Kg. Combustible product
Auto-ignition point: > 320° C
Relative density: 0.5 – 0.8 g/cm³

9. STABILITY AND REACTIVITY

The product is stable in the recommended storage conditions and in normal conditions of use.

10. ECOLOGICAL INFORMATION

The product does not have known eco-toxicological effects; in all cases, processing waste should not be discharged into the environment.

11. DISPOSAL CONSIDERATIONS

Disposal must comply with local, national and/or European regulations.
