

**SAFETY DATA SHEET****Data obtained from our supplier's safety data sheet****1. IDENTIFICATION OF THE PRODUCT AND COMPANY** Commercial name: **YELLOW****5/10 – cross-linked expanded material containing ethylene/vinyl acetate**Name of distributor company: **Corazza****S.r.l.**

Via S.Pertini,37

40062 Molinella (BO) Italy

Tel. +39-051/881877 – Fax +39-051/6902146

**2. COMPOSITION/INFORMATION ABOUT INGREDIENTS**

SUBSTANCE	Risk phrases	Exposure limit values mg/m <sup>3</sup>
Ethylene/vinyl acetate copolymer	No risk for temperatures below 130°C; above this temperature fumes irritant for the airways may developed	10
Styrene/butadiene copolymer	No hazards for people and the environment	Styrene 20 ppm Butadiene 10 ppm
Calcium carbonate	No risk for humans	10
Zinc oxide	R50/53 may have adverse effects for the aquatic environment	10
Stearic acid	No risk for humans	10
Zinc stearate	No risk for humans	10

The substances referred to above are not considered hazardous for health.

**3. HAZARD IDENTIFICATION**

EC Regulation 1272/2008 (CLP): not hazardous.

Main environmental risks avoid discharge into the environment.

**4. FIRST AID MEASURES**

Contact with skin and eyes: no particular procedures

---

## 5. FIREFIGHTING MEASURES

Recommended extinguishers: nebulised water, CO<sup>2</sup>, powders  
Prohibited extinguishers: none  
Combustion risks: the vapours produced by thermal decomposition may be irritant for the skin and mucosa; do not inhale fumes  
Protective equipment for firefighters: normal firefighting protective clothing

Recommended extinguishers: nebulised water, CO<sup>2</sup>, powders  
Prohibited extinguishers: none  
Combustion risks: the vapours produced by thermal decomposition may be irritant for the skin and mucosa; do not inhale fumes  
Protective equipment for firefighters: normal firefighting protective clothing

## 6. HANDLING AND STORAGE

Handling: there are no risks involved in handling the material at ambient temperatures  
Storage: protected from sunlight, in well ventilated places which are not too hot  
Precautions: avoid naked flames, earth equipment to prevent the build-up of static electricity on the material

## EXPOSURE CONTROLS/PERSONAL PROTECTION

Precautionary measures: ensure sufficient ventilation in the premises where the product is stored  
Respiratory protection: not necessary  
Eye protection: not necessary

## 7. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: solid  
Colours: yellow  
Odour: odourless  
pH: n.a.  
Density: 0.50 g/cm<sup>3</sup>  
Flash point: 420/440 °C

## 8. STABILITY AND REACTIVITY

The product is stable and chemically inert at ambient temperature.

## 9. TOXICOLOGICAL INFORMATION

The product is not toxic. However, in case of fire the fumes which may be developed may be strongly irritant to the airways.

e-mail: info@corazzagroup.com

Revision date **30.03.19**

## 10. ECOLOGICAL INFORMATION

The product is not biodegradable and does not constitute a risk to aquifers.  
**ADOPT GOOD WORKING PRACTICES AND DO NOT DISCHARGE THE PRODUCT INTO THE ENVIRONMENT.**

## 12. DISPOSAL CONSIDERATIONS

Proceed in accordance with the relevant local and national legislation.

## 13. TRANSPORT INFORMATION

The product is not considered hazardous goods.

## 14. REGULATORY INFORMATION

Where relevant, reference should be made to the following regulations:  
Italian Legislative Decree 81/2008 on occupational health and safety.  
EC Regulation 1907/2006 (REACH)

## 15. OTHER INFORMATION

**Main bibliographical sources: safety data sheets of the substances used for the product's manufacture. The information they contain is based on our suppliers' knowledge and does not constitute a guarantee of particular qualities. It is the user's responsibility to ensure that this information is appropriate and complete with regard to the specific use he intends to make of it. This data sheet annuls and replaces all previous editions.**
